Anniversary
CELEBRATION

INSPIRED BY NATURE.
CRAFTED WITH CARE.

Dear Leaders, Beauty Consultants, and Ceylonika Well-Wishers,

It fills my heart with joy to mark our first anniversary launching Ceylonika as a brand in Sri Lanka. When we began this journey a year ago, our hope was simple it was to share the natural beauty of Sri Lanka with warmth, care, and authenticity. Today, because of each one of you that hope has blossomed into something truly special.

In twelve short months we've grown our product family, welcomed new SKUs to serve more needs, and seen an inspiring wave of people embrace social selling with passion and pride. Every message you send, every demo you give, and every recommendation you make carries the spirit of Ceylonika forward.

I'm thrilled to announce several beautiful additions as we celebrate this milestone. Introducing the Lotus Luxe collection — a pampering range that blends luxurious textures with our island's botanical heritage. Alongside it we launch the Welcome Program, designed to support and fast-track new members with training, starter packs, and mentorship. We're also releasing a limited-edition perfume, Ceylaura, crafted to capture the essence of Sri Lanka in a bottle.

Naduni Assiriyage
CEO & Founder

Dear Valued Ceylonika Consultants,

As we proudly celebrate the first anniversary of Ceylonika, I reflect with gratitude on the incredible journey we have shared together. Within just one year, Ceylonika has grown from a vision into one of Sri Lanka's most exciting and fast-growing social selling beauty brands.

Our strength lies not only in our premium products but also in our unique business model that empowers individuals to transform their passion into a profession. This year's theme, "Passion to Profession," perfectly captures our commitment to creating opportunities for everyone to build confidence, income, and success through the Ceylonika journey.

Today, we stand stronger than ever with a complete and expanding skincare portfolio, offering high-quality products enriched with carefully selected botanical ingredients and advanced formulations that reflect our promise of authenticity, innovation, and excellence.

D. D. Samanthilake
General Manager
Ceylonika Cosmetics Pvt Ltd

Finally, meet our new Ceylonika Accessories collection, beginning with an elegant luxury handbag line that complements our beauty offerings and celebrates refined, everyday style.

Our dream is clear: to become the number one social selling brand. We will get there by continuing to expand our range, strengthening training and support for our sales family, and lifting the Ceylonika name in communities across Sri Lanka and beyond. Looking further ahead, we are preparing to move into manufacturing enhancing our island's botanicals and craftsmanship.

But for me, success is more than numbers. I imagine Ceylonika Villages where local skills are nurtured, livelihoods are created, and growth is shared by everyone. That is the true purpose behind every new SKU, every training session, and every sale: to make a real, lasting difference in people's lives.

Thank you for trusting this vision and for walking beside us. Your dedication inspires me every day. Together we will reach the top, with pride, warmth, and the heart of Sri Lanka.

With gratitude and best wishes,
